Pūrleve Global Hygienic Solutions

Purleve PurStream 7" Digital Media Faucet

Product #6201 Description
Motion controlled bathroom faucet with built in 7" video communication display

Video Display
450x800 for ad content, 30x800 for scrolling marquee/ticker. LCD encased with heat-tempered glass protective cover - meets ANSI Z97.1 break pattern spec.

NOTE: Video Display can be placed in front or back of faucet.

Flow Rate
Continuous rate flow is 1.08 gpm. Control Solenoid Box can be set at 2, 66, and 10 second intervals. Aerator is changeable

Electrical Specifications
PūrStream Faucets connect to MVP player via attached CAT7 cable using LVDS video spec, player must be within 5 meters of faucet(s). LVDS repeaters available to extend distance in 8 meter increments.

Operation
PūrStream operates like traditional sensor faucets - the user's hands enter the beam's effective range, the beam is reflected back into the sensor receiver and activates the solenoid valve allowing water to flow from the faucet. Water will flow until the hands are removed or until the faucet reaches its automatic time out limit setting.

Water Supply
18 inch stainless steel braided supply hose with 1/2" female pipe thread. Control box with two 1/2" male pipe threaded connectors.
